UNITED STATES INTELLIGENCE BOARD

COMMITTEE ON DOCUMENTATION

State Department ADP Developments Briefing

1. At the invitation of the State Department member, a briefing on the Department's recent ADP system developments will be given to CODIB on Thursday 10 January 1963 in Room 7516 New State, 2201 C Street, N. W. (Use the 22nd and C Streets "diplomatic entrances"). Seating capacity is limited, hence 20 slots will be allocated among the departments and agencies as outlined in para. 4 below. Clearance required is TOP SECRET.

2. The formal presentation will last an hour, to be followed by about one-half hour discussion, and will include something of the planning background, system concept and design, and detail on such facets as their keyword indexing and thesaurus compilation. Vu-graph samples of what the system can and can not do will be shown.

3. Ben Fisher will give the presentation, with Messrs. Al Covel and Wally Francis on hand to assist in answering questions. It is hoped that those particularly concerned with such things as index load-sharing or other possible compatibility approaches will actively comment or question.

4. Will you please call the names of your prospective attendees to me by noon Wednesday 9 January, based on the slot assignment below:

Army : 2	CIA : 3 (Excluding Chairman
Navy : 2	AEC : 1 and Secretary)
Air : 2	FBI : 1
DIA : 1	NBS : 1
DOD : 2	NSF : 1
JCS : 1	
NSA : 1	Total : 20
